Ancient Fortunes: Poseidon Megaways Slot Game Overview

The bet sizes available in

Ancient Fortunes: Poseidon Megaways range from 20p to £20.

There are up to 117,649

paylines in this game.

Rolling Reels

Rolling Reels are active in both the base game and

Free Spins.

Winning symbols are removed from the reels, being replaced by new symbols, which can lead to a number of successive wins.

Jackpot Pick Game

Wilds are collected on

each spin during Rolling Reels, and once you've completed that feature, you could activate the Jackpot Pick Game.

The more Wilds you accumulate, the more likely you are to trigger this feature.

When you've unlocked the feature, 12 tokens are displayed face down.

Each token is linked to one of the four jackpots, and you must choose a token to unveil the jackpot it corresponds to.

When you have revealed three matching tokens, the corresponding jackpot will be triggered, causing the feature to conclude.

Jackpot wins

are available in the base game and Free Spins, and these wins will be multiplied by the total bet.

Free Spins

When four Scatters are displayed the Free Spins feature is initiated, and you will receive 12 free spins.

For every extra Scatter that lands, you receive a further five free spins. The value of the win multiplier begins at 1, increasing after each roll during Rolling Reels. Scatters only appear on the extra reel during the Free Spins bonus.

If three or four Scatters appear while you are playing Free Spins, you will trigger an additional five or 10 free spins respectively.

Return to Player

Return To Player (RTP): 95.98%

The expected return is the amount we pay out to players relative to the amount of wagering on the game.

For example, if we take £100 of wagers we will, on average, pay out £95.98 of wins.
