Will & Harper: Uma amizade redescoberta na jornada de transição de gênero

Curiosity is natural in the relationship between cisgender people and trans women. 1. Would cisgender people want to know things like: what is it like to have a surgeon rearrange their genitals? You found out 1 that she was really a girl a long time ago? It's hard to be on the wrong side of sexism now?

For our part, trans women are also curious about cisgender people. We would like to know things like: do you really see me as 1 a woman, or am I just a delirious man in women's clothes? If I try to have a bet365 inter bet365 inter 1 bar, will you assault me violently? Will I be able to use a public restroom again?

Two types of curiosity are found in bet365 inter problematic, 1 uncomfortable and sometimes satisfying and touching in the documentary Will & Harper.

The documentary Will & Harper follows actor Will Ferrell as he discovers that bet365 inter collaborator of long date SNL, Harper Steele, is not the man 1 that he always presumed her to be. She is a trans woman and they will embark on a bet365 inter trip across the entire red America to discover what bet365 inter friendship now seems.

Will & Harper is about the process of 1 Steele discovering which parts of America are physically and emotionally safe for her to be now that she is 1 transforming with medication into a woman, and also about Ferrell learning to exist with a trans friend. The best part of the film 1 is how brutally it shows all the uncomfortable, painful, deceptive and acts of genuine kindness that are necessarily part of this process.

Um processo desconfortável e vulnerável

As someone who has played this game so many times with so many cis friends over the years, I 1 really feel the vulnerability of Steele, even though I often feel embarrassed many times bet365 inter that Ferrell does something for her 1 that you should never do for a trans woman. Will & Harper presents their journeys of learning as two sides 1 of the same coin – the fact that they are bet365 inter part – but it needs to be highlighted that the stakes here are 1 extremely unequal: the power and privilege of Ferrell absolutely surpasses those of Steele.

In one point of the film, Ferrell asks 1 directly Steele "How are your breasts?" and then provokes her with details of how she was 1 reminded of a breast augmentation surgery. He follows up by asking her essentially if she will have a vagina. I really cannot 1 imagine anything that Steele could demand of the cis world that is remotely comparable to this. E

se ela tentasse fazer 1 isso, poderia ser um momento extremamente perigoso para ela.
