Blackjack Poker is played with a standard 52 card deck. The object of the game is for

the player and the player-dealer to add the numerical value of their cards to achieve

as high a ranking hand, according to the chart below, as possible. Any two card hand

consisting of an ace of hearts with another ace of hearts, totals 22 and is the highest

ranking hand, and beats all other hands.

Once the player-dealer's hand has been set, a

series of showdowns begins between the player-dealer and all other players, comparing the numerical value of their hand, starting with the player to the left of the player-dealer and continuing in a clockwise manner until all wagers have been acted upon. The following applies for each possible outcome of the showdown:

- If the player

and the player-dealer's hand both contain two aces of hearts, the hands push and no action is taken on the wager.

- If the player and the player-dealer's hands total

twenty-one or less and are the same total, the hands push and no action is taken on the wager.

- If the player and player-dealer's hands total twenty-one or less, and are not

the same total, the hand closest to twenty-one wins as per the rank chart above.

- A two-card ace of hearts hand beats all other hands.
 - If the player's hand ranks twenty-two or higher and the player-dealer's hand is a three-card hand totaling twenty-six, the hands push and no action is taken on the wager; otherwise the player's hand loses.
