British online gambling operator

Sportingbet is a British online gambling operator, owned by Entain plc.

The company was listed on the London Stock Exchange and was a constituent of the FTSE SmallCap Index prior to its acquisition by GVC holdings.

History [ [edit](#) ]

The company was founded by Mark Blandford in 1997.

[2] Sportingbet acquired Paradise Poker in October 2004.

[3] On 7 September 2006 Sportingbet reported that its then chairman, Peter Dicks, was detained in New York City on a Louisiana warrant while traveling in the United States on business unrelated to online gambling.

[4] Louisiana is one of the few states that has a specific law prohibiting gambling online.

In March 2007, all Louisiana warrants involving the company were cancelled.[5]

In October 2006, Sportingbet announced Paradise Poker would stop taking deposits from US customers, although most would be allowed to continue to play for another month.

[6] Additionally, Sportingbet sold all its US-facing sports betting and casino businesses, including Sportsbook.com and Sports.

com, to a group of private investors for \$1, and an assumption of \$13.2 million in debts.[7]

In February 2007, Sportingbet announced it was eliminating its Paradise Poker software and migrating players to its Sportingbet Poker platform.

Prior to this, the two platforms had approximately the same number of players, but the Sportingbet platform had higher liquidity because that platform was part of a larger network.

The brand name of Paradise Poker was retained.[8]

In 2008, Netbet (Pty) Ltd, a company in South Africa, licensed the Sportingbet brand for online gambling in South Africa.

In October 2012, Sportingbet announced its board had agreed to preliminary terms for a £530 million takeover bid from UK bookmaker William Hill and Isle of Man-based GVC Holdings.

[9] Under the terms, Sportingbet's Australian and Spanish operations were bought by William Hill.

[10]Operations [ [edit](#) ]

Sportingbet operates local-focused sportsbooks, virtual games and casino sites, and the online poker cardroom, Paradise Poker.

Overall, the company has over 2.

5 million registered customers in 200 countries, who place over one million bets (casino, poker, sports and virtual games) per day.

Sportingbet operates several websites.

The largest of these are wholly owned and operated by Sportingbet.

They also use a system similar to a franchise, in which independent website operators use Sportingbet's centralised software, financial services, trading, and customer service under license.

These web sites receive a cut of the profits their customers generate.

Sportingbet's corporate offices are located in Guernsey.

They also have offices and call centres in the Republic of Ireland and Costa Rica.

The PLC is located in Moorgate, London.

The company sponsored Premier League, Championship and League One football team

Wolverhampton Wanderers from the 2009–10 season until the 2013–14 season.

[11] This link-up with a football club first began in January 2009, when Bulgarian football club Slavia Sofia announced a 3-year sponsoring deal.

As a result, the logo of the company appeared on the club's shirts for the 2008–09, 2009–10 and 2010–11 seasons of the Bulgarian A PFG.

Sportingbet also sponsored Steaua Bucuresti of Romania for the 2009–10 and 2010–11 season. The logo also appeared on Steaua Bucuresti II, Steaua's reserve team's shirt, which now plays in Liga.

Sportingbet also sponsored division 1 Victorian amateur football team Banyule FC for the 2010–2011 seasons.[12]

PAOK FC[13] (2015–2018)

CFR Cluj (2017–present) Série B[14] (2022)

Copa Libertadores[15] (Brazil only) (2023–present)

Copa Sudamericana[15] (Brazil only) (2023–present)

## Vladimir Putin advertencia a Occidente sobre el suministro

## de armas a Ucrania

El presidente ruso, Vladimir Putin, ha advertido a los países occidentales que están dando "un paso muy serio y peligroso" al suministrar armas a Ucrania, lo que podría resultar en que Moscú arme a sus enemigos.

Ucrania ha confiado en gran medida en las armas suministradas por los aliados occidentales para repeler a las fuerzas rusas desde la invasión a gran escala de Putin hace más de dos años. Y la semana pasada, el presidente de Estados Unidos, Joe Biden, por primera vez autorizó a Kiev a utilizar municiones estadounidenses para llevar a cabo ataques limitados en el territorio ruso, después de que varias naciones europeas eliminaran las restricciones sobre el uso de las armas que suministran.

### Preocupación por la implicación directa de Occidente

"El suministro de armas en una zona de conflicto siempre es una mala idea", dijo Putin a editores de agencias de noticias internacionales en el margen del Foro Económico Anual de San Petersburgo el miércoles. "Especialmente si esto está vinculado al hecho de que quienes los entregan no solo entregan armas, sino que también las gestionan."

Putin también advirtió que Rusia podría tomar represalias si los países occidentales se considera que se han vuelto directamente involucrados en el conflicto de Ucrania.

"Al final, si vemos que estos países se involucran en una guerra contra nosotros, lo que están haciendo nos hace directamente involucrados en una guerra contra la Federación Rusa, nos reservamos el derecho a actuar de la misma manera", dijo. "En general, esto conduce a problemas serios."

Y planteó la posibilidad de represalias al preguntar por qué Rusia "no tendría el derecho de suministrar nuestras armas de la misma clase a esas regiones del mundo donde habrá ataques en las instalaciones sensibles de esos países que están haciendo esto contra Rusia".

### Uso de sistemas de cohetes HIMARS

El ejército ucraniano ha comenzado a utilizar los sistemas de cohetes HIMARS suministrados por EE. UU. para atacar sistemas de defensa aérea rusos, depósitos de armas y otros objetivos militares en el territorio ruso, según un miembro del parlamento ucraniano.

Yehor Cherniev, vicepresidente del Comité de la Rada Suprema de Ucrania sobre Seguridad Nacional, Defensa e Inteligencia, dijo que las armas estadounidenses habían permitido "reducir significativamente los bombardeos de Járkov por misiles S-300 rusos".

En sus comentarios del miércoles, Putin dijo que Rusia mejoraría los sistemas de defensa aérea para destruir los misiles entrantes.

### Críticas a Alemania

Putin también criticó a Berlín, después de los comentarios la semana pasada de los líderes de Francia y Alemania de que Ucrania debería poder utilizar sus armas contra objetivos dentro de Rusia desde los que Moscú ataca Ucrania.

La aparición de tanques alemanes en Ucrania ha causado un "choque ético" en Rusia, donde la actitud hacia Alemania había sido "muy buena", dijo Putin.

"Ahora, cuando dicen que aparecerán más misiles que golpearán objetivos en territorio ruso, esto, por supuesto, está destruyendo las relaciones ruso-alemanas", agregó.
