Min. deposit £10. 30x wagering for Bonus Spins and Deposit Bonus (game weighting applies). Max. £5/spin or £0.50/line. 30 days expiry. • T&Cs apply

Evolution review

NetEnt's 2024 slot release Evolution is a

gem that truly stands out from the crowd at least with its stunning design and creative visual ideas. The theme is based on the ancient times when the Mother Nature started creating all sorts of weird creatures underwater, that were gradually evolving to become life forms that we know today. They transform right on the reels when you get a winning spin, so the evolution is clearly seen on all levels. Today we will check the game's features, design and payout as well as checking where you can play it right now and get a generous casino bonus.

Evolution slot features

Evolution slot is set on 5

reels, 3 rows and 25 paylines. Sounds pretty standard, right? What's not standard here at all is the fact that the reels spin upwards from bottom to the top, not something

you see in a slot game every day.

Another far from the typical thing about the game is most certainly the symbols all represented by the most peculiar creatures you can imagine. Well, we probably wouldn't be even able to imagine them, but NetEnt designers did.

The lower-paying symbols are all one-cell creatures called Primo blobulus, Blobulus astrum, Jellocus finnum, Jellocus squidae and Crustacio springum.

The higher

value symbols are more evolved creatures resembling squirrels, snails and mice. These are called Albus slugus, Bestla dentum, Basilisk hairicus, Draconius rex and Basilisk pluma.

It's just simple like that.

There is also the Wild Bubble symbol that can land on the second, third and fourth reels and substitute the other symbols.

Evolution slot

free spins

To trigger the Free Spins round all you need is to land at least three free spins scatters anywhere on the reels.

3 scatters give you 10 Evolution Free Spins

4

scatters provide 15 Evolution Free Spins

5 scatters will award you with 20 Evolution

Free Spins

During the free spins round you can benefit from the Evolution Bonus

Feature. One of the main bonus features of this game apart from the Free Spins is the Evolutions feature. When you get a winning spin the lower-paying symbols will start evolving and transforming into the higher-paying more advanced symbols. The creatures go up the evolutionary ladder and you keep growing your winning amount.

Evolution slot

bonus

If you wish to try out Evolution slot from NetEnt with the option of getting a casino bonus at the same time, then simply click on the links below. We have chosen best online casinos where you can get welcome bonuses up to £1,500 and hundreds of free spins while playing this mesmerising slot.

Where to play Evolution Slot

Evolution slot

min/max bets, jackpot and volatility

You can play Evolution slot starting from a

minimum bet of only 1p and go up to the maximum bet of £125 per spin. This medium volatility slot has a return to player percentage of 96.3% and the maximum win you can score is 44,000 coins or 176 times your bet.

Evolution slot graphics and sounds

This is

one of the most visually stunning, even magical looking slots with extremely refined and well thought-out design. The reels are set against the dark green tones of the underwater world with green moss on the sides. While what's happening on the screen took place millions of years ago the slot looks extremely futuristic at the same time thanks to the superb graphics and special glowing effects as well the sophisticated soundtrack. And big thumbs up to the developers for creating the whole set of 10 most unique symbols we've ever seen.

Evolution slot – our conclusion

The game is surely

worth trying even for the visual experience that is hard to compare to anything else

out there. In terms of jackpot and RTP, there is nothing exceptional, but the winning opportunities are still decent especially if you hit that Free Spins round.

A two-card hand counting 21, necessarily consisting of an Ace and a 10-card, is a "natural", or, in the British private game, a "ponton". Some also call it a blackjack, though, strictly speaking, this originally denoted the Ace of spades plus either of the black Jacks.
