Elemento Slot 5 Overview

The Four elements

are combining to unleash their might in a cluster pays slot from Fantasma Games for Relax Gaming 5 with volatility akin to the fierce and unpredictable elements themselves.

Can you control Wind, Fire, Earth, and Water and release their 5 elemental power in Elemento Slot?

Elemento Slot looks like it'll be an exciting game, with

different features related to each of 5 the elements and an exciting bonus rounds with a winning capability of 16,000x!

Wind, Fire, Earth, Water

When you first load up 5 Elemento

Slot, you will definitely be reminded a little bit of Reactoonz, with various elemental symbols drawn up in a 5 cheerful sort of style as the characters in Reactoonz are.

The

visuals are a little bit sparse, with a cosmic backdrop 5 behind the reels, but the sounds of the game save it with a funky tune that lightens the mood, resonating 5 well with the happy theme.

Betting and Symbols

Betting options in Elemento Slot are vast,

giving players plenty of options. The lowest 5 stake option is £/€0.20, and the highest option is £/€60.

There are a lot of options in between the two extremes, 5 so there is definitely an option for everyone.

Top Symbols in the game are comprised of the

elements, with Fire as 5 the highest paying symbol. Following on from Fire is the Air symbol, followed by Earth and Water.

Low paying symbols are 5 gems that also relate to the elements, with the Fire Gem, Air Gem, Water Gem and Earth Gem.

The Base Game 5 and

Features

Elemento Slot is a 9x9 video slot with a cluster pays mechanic. In order to form a win, you'll need at least 5 of the same symbols to connect horizontally or vertically.

Every time there is a winning combination, the 5 winning symbols will disappear from play, causing an avalanche which makes new symbols fall in, possibly creating more winning combinations.

The 5 top and bottom row and left and right column is the elemental area, which is an area in which only 5 elemental wilds may land.

Elemental

Wild

There are 4 types of Elemental Wild, with all of them acting as a Wild symbol.

Up

5 to 4 Elemental Wilds may appear in the elemental area on any given spin, with each of them moving clockwise 5 around the element area with each avalanche.

Element Wilds that

are part of a Cluster win are activated, adding one point 5 to its relative element meter.

When there are no more Cluster wins possible, then the Elemental Wild feature will trigger.

Fire Element 5 – 2-10 Wilds will be put into play

2-10 Wilds will be put

into play Water Element – 9 positions in 5 an X shaped pattern will transform into the same symbol

9 positions in an X shaped pattern will transform into the 5 same symbol

Earth Element – Acts as a demolition feature, picking random low paying symbol, removing it and all of 5 the same type from the board.

Acts as a demolition feature,

picking random low paying symbol, removing it and all of 5 the same type from the board.

Air Element – The tornado feature will select a random symbol, turning its adjacent 5 8 symbols into the same symbol or removes them from play

Element Spawn

If a cluster win

does not include any Element 5 Wild symbol, then it may spawn a random Element Wild and place it somewhere randomly on the element wheel.

Free Spins

If 5 all four Elemental Wild

symbols are activated at least once during the Base Game, then Free Spins will be triggered.

The 5 initial number of Spins is 5 plus the total amount of elemental Wilds activated during the Base Game.

The multiplier in 5 Free Spins is x1 to start with, but

it will increase by +1 for each avalanche that occurs, up to 5 a total multiplier of x99.

The game may re-trigger if at least one of all 4 elements are activated again during 5 the bonus.

A culmination of the different Elemental Features plus an increasing multiplier can result in some seriously impressive wins in 5 Elemento Slot!

Bonus

Buy

Players outside of the UK can buy their way into the bonus, for a cost of 60x their 5 stake. The theoretical RTP for a Bonus Buy changes from 96.33% to 97.94%.

Our

Verdict

Elemento Slot may just well be your 5 new favourite Cluster Pays game.

It has

various different features that will keep you thoroughly entertained, with dynamic gameplay and features 5 that can cause massive wins, with Elemento capable of hitting up to 16,000x.

Aside from gameplay, things like the visual aesthetic 5 could be improved, with Elemento Slot having more of a minimalistic design, but other than that it's difficult to find 5 too much wrong with it, especially with the impressive statistics.

Elemento Slot will be available to play on most New Casinos 5 on the 09/03/2024.
