As roles of CBET, or Council for Bradyrhizobium, Azorhizobium and Other Rhizobia Technology, are crucial in the field of nitrogen fixation and bacterial symbiosis. CBET is an organization that focuses on the study and development of technologies related to these soil bacteria, which have the ability to convert atmospheric nitrogen into ammonia, a form that plants can use for growth. One of the main roles of CBET is to promote research and development in the field of nitrogen fixation. This includes funding research projects, organizing conferences and workshops, and facilitating collaboration between researchers from different institutions and countries. CBET also works to disseminate the latest findings and advances in nitrogen fixation research to the broader scientific community and the public.

Another important role of CBET is to support the development of new technologies based on nitrogen fixation and bacterial symbiosis. This includes the creation of new strains of bacteria that are more effective at fixing nitrogen, as well as the development of new methods for delivering these bacteria to plants. CBET also works to promote the adoption of these technologies by farmers and other end-users, with the goal of increasing agricultural productivity and sustainability.

In summary, CBET plays a critical role in advancing our understanding of nitrogen fixation and bacterial symbiosis, and in applying this knowledge to address some of the world's most pressing challenges in agriculture and environmental conservation.

# **Aston Villa extiende contrato de Unai Emery hasta 2027, a pesar del interés del Bayern Munich**

Aston Villa ha activado la cláusula de un año en el contrato de Unai Emery, prorrogándolo hasta 2027, a pesar del interés del Bayern Munich.

Emery está en camino de clasificar a Villa para la Champions League y, después de llegar a la semifinal de la Europa Conference League, podría entregar el primer trofeo importante del club desde 1996. Villa enfrenta a Olympiakos en la ida de las semifinales de la Conference League el próximo mes.

## **Emery se ha transformado en Villa y ha despertado el interés de otros clubes**

Emery ha transformado a Villa desde que asumió el cargo hace 18 meses, llevándolos al séptimo lugar la temporada pasada y podría guiarlos a un puesto entre los cuatro primeros en esta campaña. Villa está seis puntos por encima del quinto clasificado Tottenham, aunque este tiene dos partidos pendientes. El trabajo impresionante de Emery se cree que ha despertado el interés no solo del Bayern, sino también de otros clubes, incluido el Barcelona.

Desde la llegada de Emery a Villa Park, solo el Manchester City, el Arsenal y el Liverpool han acumulado más puntos en la Premier League. Villa, que enfrenta al Chelsea el sábado con la esperanza de fortalecer sus opciones de puestos de Champions, ha dado a Emery una autonomía total como recompensa por revertir la suerte del club.

Se cree que los copropietarios de Villa, Nassef Sawiris y Wes Edens, tienen planeadas conversaciones adicionales este verano, al final de una campaña que promete ser memorable.
