O que há gremio e cruzeiro palpite cada um dos seus bolsos agora?

É isso. Para ser honesto, eu realmente não uso muito os meus bolsos assim mesmo! Eu tenho esta bolsa que trago gremio e cruzeiro palpite todo lugar; é como um bolinho gigante mas está cheio de merda e só estou cheia desse lixo com uma lata para cagar o cabelo do meu cachorro... Tenho fios me dão uns óculos extras mais goma ainda tem dor?

Seu próximo álbum é chamado I Love You So Fucking Much. Qual foi a coisa mais estranha que

you made for love?

Recently, my dog disappeared and my mother thought he had gotten into the pool and drowned. I saw a splash in the pool; then I picked up the phone behind my back... I jumped into it! It was only because of the fish boiling in the water with it: "What the hell are you doing?" My dog just witnessed that? I hope I don't get any incurable disease caused by the dog or something like that."

What was the first music or album that you bought when you were a child?

If the download counts, it would be Nirvana - a whole album. I really liked getting whole albums! I still think there's a magic in it and it could have been System of a Down's Toxicity (System of toxicity for low). I don't know how I found this record when I was young; I was about 10 years old.

I had a cousin who loved music. I thought my cousin was more into it, he played guitar and listened to Nirvana... Oasis and Radiohead! He arranged for me to have my first violin to make downloads but I don't do it now.

What is the ideal length of men's shorts?

I'm a short guy. I have a small garden, and I only use my shorts: comfortable; free of Bermuda shorts... I feel like I can take bigger steps! I can jump higher in short shorts? There are fewer draggables I think drag is really essential when it comes to the pool and the pool is generally my ideal for the era of basketball in the 60s with a little jump on the back they can say "juicy or something like that".

Do you prefer to die at the bottom of the ocean or on the surface?

The ocean... you would rot and be eaten by some strange fish that no one has ever seen before, like an animal with arms or eyes. I always thought the bottom of the sea looked like the pool and the pool is The Lion King - where do hyenas live? But water is scary!

The new album by Glass Animals, I Love You So Fucking Much (I love you so much), will be released on July 19.

What music do you want to play at your funeral?

You can go the sentimental route and play something really nice that makes everyone cry. If I did that, I would choose Day in the Life by the Beatles or something like that; but I don't want anyone crying at the funeral: I just want people to do something to make a party in the pool and the pool is once... maybe that's the best bet! I want everyone to hear their favorite music without worrying about anything else?

The Doc from Bahia. This is probably my favorite song of all time, so maybe they can play it like in church in the pool and the pool is somewhere and no one should come... but that's what I played alone while I was in the coffin!

What do you do when you can't sleep?

That would be absolutely insane. I couldn't sleep the other day and we were filming a {sp} where my dog is an alien, so I got up to make a cap that has lights on it... E chamas! Faz sentido fazê-lo tanto quanto podes ter significado quando vês este vídeo?

I like to do things. I feel like a lot of people now don't have a purpose: it's like this pool without limits, the internet is constantly demanding; there's no end point and for that I really like to be forced in the pool for an hour to be able to do it... This will be very deep - I think even Aristotle or something like that was "you will never be happy if you do these things".

How do you really cook pancakes?

I make the best pancakes. I have a little secret recipe, but it involves putting two things in the pool and the pool is in very small doses that you wouldn't think of in pancakes; but this makes them more fluffy and melts in your mouth. The first one is the following: You put a slice of lemon in the pool. The second one? No! It's the same... You have to come to me for your pancakes...

What word do you hate the most?

- Não.

Qual é o seu emoji mais usado?

O emoji do planeta. Em todos os contextos, é bastante ambígua mas sinto que isso seja muito positivo no geral e também existencial. Se alguém diz: "O que você está fazendo hoje?" E manda o mundo para cá ele meio difunde essa pergunta com uma crise de existências por gremio e cruzeiro palpite vez. É bom nice ou vago. A pessoa provavelmente fica tipo "Você já tomou drogas?"
