vista no mundo do futebol como muitos pensam e muitos são pouco conhecidos por terem sido o campeão europeu da Copa do Mundo FIFA de 2014, o quarto título da Holanda, e que foi o "Bélgica", um da quatro nações que disputaram a copa. que se mantém entre os clubes).

De um modo geral, um clube europeu pode ter uma história de rivalidade com um clube local. holandeses fazem parte, oficialmente, do Campeonato Neerlandês de Futebol Masculino do mesmo mês.

Isto pode levar várias considerações, pois a seleção é dividida em quatro grupos; a Áustria é o clube mais bem classificado

The bonus programme of a bookmaker's office is often of the greatest interest to the bettor. The different organisations do not differ as much in odds, service functionality and line variety as they do in bonuses. And today we present to your attention 1Win bonuses.

And this bookmaker has a lot to please the player: there are freebies, deposit bonuses, Welcome-bonus options, and promotions for old-timers.

1Win bonuses

1Win betting company is the kind of office which tries to attract new players to its service thanks to interesting gifts. We also introduce a cumulative system for our existing players, so you can keep them with us as long as possible.

Bonuses can be

divided into two groups. One is given at registration. And this method works on the official site and on its mirror. After all, it is technically a full copy of it, as it accesses the same database on the server.

But in the app, the registration gift is a bit different and, best of all, these 1Win bonuses add up.

The second category is

promotions and gifts for existing players. These are intra-system leagues mechanisms, jackpots and individual offers he specific slots or promotions for sporting events.

1Win no deposit bonus

Many players are convinced that this is not a specific

type of bonus, but rather a form of bonus. That is, money that is credited to a bettor's account, but does not become part of their deposit. In order for them to become such a category, they need to be wagered. That means to bet on these funds and win it.

Bookmakers often have different wagering conditions. 1Win has them too. They concern betting odds – starting at 3 and above. Obviously, wagering without deposit on bets with high winning probability and low odds simply will not allow the system.

But a

no deposit bonus at 1Win is usually understood as a gift without a deposit. It is usually money to play casino games or freespins. That said, using such a bonus, all chances to win real money are saved for the player! So the no deposit bonuses at 1Win offer a great opportunity to try out a casino or new game with minimal risk.

You can

find all the bonuses in the promotions and bonuses section in the top right corner of the site.

Welcome

bonuses from 1Win are more generous than any other promotion. When replenishing the main account, a player can get both the standard Welcome bonus and get into one of the current promotions. And they no longer have a requirement that the deposit must be the “first”.

Deposit Bonus from 1Win

The following promotions are currently running:

500%

first deposit bonus. It's simple: you deposit 87 000 CFA francs, 435 000 “arrives” on top. The total is 521 500 CFA francs. Yes, don't forget that you have to wager the subsidized part at high odds.

Freebets. Also using your own money to pay 13 000 francs into your account, the system gives freebies valid for future sporting events.

Deposit bonus in the form of a

freewin

Up-to-date information on all current promotions can be found in the “User Agreement” of the website. So we recommend you to read it carefully.

Rules for

bonuses

The main thing we have already mentioned is the need for wagering. But that only applies to no deposit bonuses. There are also other types of gifts that don't need to be wagering – cashback and express raises.

General rules:

make a deposit;

have a

registration;

Provider must support the chosen currency – for freespins;

maximum amount

– 652,000 CFA francs;

for leaderboard, you have to bet all the time.

For some slots, unique bonuses are available, which the player can obtain simply by playing them. For freebies, however, it is often necessary to wager a certain amount or to reach a certain betting limit.

Play slots with Drops & Wins Slots promotion

Here's a valid

bonus from the provider Pragmatic Play.

How to use the bonuses

Freespins are activated

and automatically added when you make a deposit. This is evidenced by the bonus reference information.

Description of bonus activation

No deposit bonuses often need to

be ticked, just like the promotional codes at registration. Do not skip this box.

Add

promo code when you sign up

All the bonus features are used manually, whether it's

freebies with freespins or betting with no deposit money.

Express bonus

The second kind

of direct bonus at 1Win. The meaning is different here, but the incentive is even more interesting. It motivates you to use express bets. And the bettor's participation is automatically fixed from any parlay with 5 events or more. The more events that close in the clear, the bigger the bonus that 1Win itself will add on top.

Bonuses on 1Win

Express

There is no limit on the odds, but the additional bonus depends on the odds.

We'll award it to you as a percentage.

Let's say we bet on six events with odds 1.88,

1.3, 1.32, 1.55, 1.87, 1.3. The total odds will be 12.1. We'll bet the conditional

17,000 CFA francs. The net profit in case of winning will be 191,000 francs. And 15,500 francs will come from the bookie himself. Nice, from that perspective, we can treat any odds in the parlay as an increase of 7-15% respectively, depending on the number of events specified in the bet.

Casino Bonus

This is the simplest bonus and forms part of

the overall Loyalty Programme. The nature of the accrual is divided into two

categories: for visiting the 1Win website or mobile app, and for time spent playing.

The amounts depend on your level in the system, i.e. the number of bets placed. The

exact numbers change all the time, you can find them in the Loyalty program section.

The bonuses are awarded in the form of local in-game currency 1Win coins.

Betting bonuses (freebets)

A common practice, bonus freebets exist in almost all

bookmaker's bonus programmes. 1Win is no exception, but here freebets are not part of permanent promotions, but rather temporary. Just like freespins, by the way.

That is,

it's not a fact that at the time you register, the freebies will be active. They accrue

about 4-5 months out of the year. As of this writing, there are no active freebet

promotions. But when they do, they will work according to a set system. You get to bet

on an event with a predetermined odds limit, the winning amount on it becomes your no deposit bonus. You can win it back or use it as an option to hedge your risk. For

example, when choosing a particularly dangerous, but “tasty” bet, it is logical not to risk only your own money, but to contribute a part by means of non-deposit savings. So you either wagering the bonus, or fix the loss at a small value.

As a reminder, the maximum order bonus is 5%. Expresses are not eligible for wagering.

Bonus for downloading the mobile app

The 1Win mobile app has its own bonus system. It has its own temporary promotions, such as a birthday present. But the best part is the download bonus for the mobile app. It amounts to 43,500 CFA francs. What's remarkable is that it's not a gift on your first deposit, nor is it a welcome bonus. You can have a long-standing account and then at some point decide to download the app. Even then, you will still get the coveted 43,500 francs in your account.

That is why we strongly recommend all 1Win members to download the software. Even if you do not intend to use it and want to continue playing via your desktop and browser. An extra 43,500 francs is always nice.

1Win Loyalty Program

A loyalty scheme to support the interest of regular customers. The loyalty rewards are modest, but you don't have to do anything to earn them. Currency is saved all the time and can sometimes be withdrawn.

The calculation is in 1win coins. Its nominal value is 9 francs. Points are awarded only for casino play, but excluding certain categories:

Live casino;  
roulette;  
Blackjack;  
poker;  
baccarat.

Sports betting is also not included in the available categories. But the bookmaker promises that this is a temporary phenomenon. We hope to see a loyalty programme in this segment soon, too.

Withdrawals

are available from 1,000 Coins. But they take a long time to acquire, requiring a betting amount of 6,519,000 francs or more to earn a single point. With a good budget and intensive play, gamers often put 1,304,000+ francs a month through their deposit on stakes. In this case, once every few months you can get a free 1,000 into your account. Anyway, the bonus is small but nice.

1Win promo codes and coupons

The most typical 1Win deposit bonus is just that, a promo code. It is entered when you register, allowing you to either increase the percentage value of the deposit you make, or get a numerical addition to it.

They are published en masse on the website, in the official 1Win Telegram group, and in partner communities.

Coupons, on the other hand, are designed for existing players. You can activate them in your personal cabinet, getting a freebet or again a no deposit bonus. You can find coupons in 1Win groups and from partners.

How

to enter a promotion code

The instructions are simple. First, go to the website or its mirror.

## Home Page

Click on the “Register” button, it's on the right, in green. Or there is a double option in the top right corner.

In the large window that opens, choose the “Add promo code” button.

Method of adding a promo code during registration

Enter our

promotion code in the new field and press “Register”.

Validate promo code

The same

combination cannot be used twice.

1Win voucher

This is in fact the same as a

promotional code, only it is not used at the time of registration, but at any time. It is also a combination of letters and numbers, which you type into the right field. The outcome is the crediting of nth amount to your account in the no-deposit category.

You

can find the field on the first line of the personal cabinet's quick view.

Add 1Win

voucher

An important aspect is that you will not be able to use the voucher without registering and activating your wallet. Accordingly, you must have already funded your account at least once.

1Win temporary promotions

Well, the last type of 1Win bonuses

are periodic promotions. They are hidden in the same section of bonuses and promotions.

Example of promotions on the 1Win website

As you can see, there are quite a

few of them. Plus they are constantly being updated. Some are specific to slots or events, others are general in nature. In order to keep your hand on the pulse of the game and not to miss out on great deals, we recommend that you visit the section every day to see what's new. All the terms and conditions of a particular promotion are revealed by clicking on the icon.

1Win

Problems with receiving bonuses

If any promo codes are not activated, bonuses are

not credited or promotions do not work, you should contact support. It's available 24/7, and its staff answer quite promptly. Especially by phone, live chat is not as fast. You can find it in the bottom right corner.

Website helpdesk panel

We therefore

recommend that you email us immediately – [contact@1win.xyz](mailto:contact@1win.xyz).

### **Vice-President Kamala Harris Ataca a Donald Trump con un Anuncio de Ataque en su Primer Término**

No se le puede perdonar pensar que el primer anuncio de ataque de la Vicepresidenta Kamala Harris contra Donald Trump parece un poco fantasioso. Lanzado esta semana, el anuncio de televisión tiene todas las marcas de un video de YouTube que promociona una teoría de la conspiración de internet. Hay la música aterradora obligatoria y el narrador de barítono que advierte sobre un manifiesto misterioso con el nombre caricaturesco que un villano de Bond etiquetaría su planilla para la conquista global: Projeto 2025.

Y sin embargo, esto no es una broma de Dr Evil: Projeto 2025 es muy real, es absolutamente la agenda de Trump y no fue un borrador apresurado que surgió de la nada. Es la culminación de la trama de 50 años que nuestros reporteros en The Lever han descubierto en nuestra nueva serie de audio Master Plan – un plan primero concebido por el juez de la Corte Suprema de los Estados Unidos que creó la base para Citizens United y la era moderna de la política corporativa.

Proyecto 2025 se publicita a sí mismo como "el esfuerzo unificado del movimiento conservador para estar listo para la próxima Administración conservadora para gobernar a las 12:00 del mediodía, el 20 de enero de 2025" – una descripción grandiosa y pretenciosa, pero ninguna exageración. El manifiesto de 922 páginas es un plan de detalles de políticas diseñado para empoderar inmediatamente al movimiento conservador, a los billonarios y a los donantes republicanos el momento en que Trump jura por un segundo mandato.

## **El Manifiesto de Proyecto 2025**

Destacados incluyen planes para matar las regulaciones climáticas; eviscerar las leyes de contaminación; terminar con la Oficina de Protección Financiera del Consumidor que protege a los estadounidenses de los engaños de Wall Street; aumentar los impuestos a la clase media para financiar recortes de impuestos a los billonarios y a las corporaciones; empoderar a la Casa Blanca para reemplazar a los funcionarios públicos con leales ideológicos; y limitar la autoridad del gobierno para hacer cumplir las leyes de financiamiento de campañas diseñadas para desalentar la corrupción de pago por jugar.

El origen del manifiesto significa que no es una lista de deseos fantasiosa de tarta en el cielo – es un plan de acción meticulosamente construido diseñado para ser implementado, tal como una versión anterior de él fue en el primer mandato de Trump.

Proyecto 2025 fue construido con la participación de al menos 140 exfuncionarios del gobierno de Trump, está respaldado por una constelación de grupos conservadores financiados por oligarcas y se publica por el poderoso Heritage Foundation, que Trump mismo elogió como "un gran grupo" que "va a sentar las bases y detallar los planes para exactamente lo que nuestro movimiento hará y lo que su movimiento hará cuando el pueblo estadounidense nos dé un mandato colosal para salvar a América".

Esta conexión con la Heritage Foundation no es incidental. Nos dice que los conservadores ven una presidencia de Trump como la etapa final de su gran plan de medio siglo para destruir la herencia del New Deal y la Great Society – un plan que se delineó hace medio siglo.

## **La Herencia de la Fundación**

La Heritage Foundation fue originalmente lanzada a principios de la década de 1970 con financiamiento semilla del magnate de la cerveza Joseph Coors. Él le dijo a un historiador que su activismo político en ese momento fue específicamente "estimulado" por un memorando de 1971 escrito por el próximo juez de la Corte Suprema Lewis Powell. Ese memorando, escrito para la Cámara de Comercio de los Estados Unidos, exhortó a las corporaciones y a los oligarcas a ser "mucho más agresivos" en influir en el sistema político, que temía que se estaba volviendo demasiado responsivo a las demandas populares de la regulación de los negocios.

"Es esencial que los portavoces del sistema empresarial – en todos los niveles y en todas las oportunidades – sean mucho más agresivos de lo que han sido en el pasado," escribió Powell, quien pronto después autorizó una decisión histórica de la Corte Suprema que dio a las corporaciones nuevos derechos para gastar dinero influyendo en las elecciones. "No debería haber la menor vacilación en presionar vigorosamente en todos los escenarios políticos por el apoyo al sistema empresarial. Tampoco debería haber renuencia a castigar políticamente a los que se opongan a él".

Según los documentos desenterrados en Master Plan, la cámara estableció un comité sobre el memorando de Powell compuesto por ejecutivos de algunas de las corporaciones más poderosas del país, incluyendo General Electric, Phillips Petroleum, Amway y United States Steel.

En una serie de reuniones secretas en la década de 1970, esos poderosos formularon formas en que los grupos corporativos podrían construir su aparato político, legal y de comunicaciones. La

infraestructura política resultante – think tanks, bufetes de abogados y grupos de cabildeo conservadores – tenía como objetivo debilitar las leyes de financiamiento de campañas para que las corporaciones pudieran ejercer más poder, y luego usar ese poder para inclinar las cortes y los sistemas legislativos a su favor.

Con el memorando de Powell inspirando el financiamiento generoso de Coors, Heritage desempeñó un papel especial en todo este organizar: se enfocó intensamente en la política pública.

"En torno al vórtice de Heritage han girado proyectos, individuos y organizaciones dedicados a la ambición de Coors de rescatar a los Estados Unidos de la tristeza y la desesperación que cree que están en ella," informó el Washington Post en 1975. "Weyrich y Coors están de acuerdo en que la tendencia liberalizante debe detenerse o los Estados Unidos se convertirán, de hecho, en otra versión del comunismo ateo y sin Dios".

En un memorando de la Casa Blanca justo antes de que se publicara esa historia, el subjefe de personal adjunto de Gerald Ford, Dick Cheney, le dijo a su jefe, Donald Rumsfeld: "Coors puede tener problemas al usar esta fundación exenta de impuestos para apoyar actividades políticas". Pero a medida que los grupos legales conservadores de la memoria de Powell obtuvieron victorias en la Corte Suprema que desgarraron las leyes de financiamiento de campañas y dieron paso a la era del dinero oscuro, tales grupos enfrentaron poca escrutinio en cómo difuminaron la distinción legal entre la caridad desapasionada y la máquina política.

Heritage era definitivamente la última, y dentro de unos pocos años de su lanzamiento, se centró en influir en las administraciones presidenciales con la versión original de Proyecto 2025 – Mandato para el Liderazgo, descrito en la prensa en ese momento como "un plan para agarrar al gobierno por sus desgastadas solapas de New Deal y sacudir 48 años de política liberal".

"El Mandato para el Liderazgo fue publicado en enero de 1981 – el mismo mes en que Ronald Reagan fue juramentado en su presidencia," gorgoreja Heritage en el prólogo de Proyecto 2025, que es oficialmente la novena instalación de la serie Mandato para el Liderazgo. "Para fin de año, más del 60 por ciento de sus recomendaciones se habían convertido en política".

Subrayando ese éxito, Reagan entregó un discurso en Heritage elogiando "la importancia de la Fundación Heritage, el trabajo notable de Ed Feulner, Joe y Holly Coors [y] tantos de ustedes en esta sala en traer a Washington la revolución política".

Avancemos a través del alboroto neoliberal de recortes de impuestos y desregulación que definió el mandato de Reagan y tres presidencias republicanas más, y la pregunta ahora es:

¿continuaría esa revolución política inspirada por el plan maestro de la memoria de Powell si Trump gana de nuevo?

El pasado reciente ofrece pistas: durante el primer año del primer mandato de Trump, Heritage se jactó de que dos tercios de sus recomendaciones de Mandato para el Liderazgo de 2024 fueron abanderadas por el presidente republicano.

¿Encontrarán Proyecto 2025 y la agenda de la Fundación Heritage el mismo público receptivo en una segunda administración de Trump? ¿O deberíamos confiar en Trump cuando ahora – bajo asedio por la crítica de Harris – insiste en que ni siquiera sabe qué es Proyecto 2025?

La respuesta a esa pregunta se puede encontrar en las palabras del propio compañero de fórmula de Trump.

"La Fundación Heritage no es algún puesto de avanzada aleatorio en Capitol Hill," escribió el nominado a vicepresidente republicano, JD Vance. "Es y ha sido el motor de ideas más influyente para los republicanos desde Ronald Reagan hasta Donald Trump".
