Review of the bet365 online casino experience

The table, card, and slot games on offer from bet365 are truly first-class. Like most online casinos we've reviewed, bet365 provides the staples that you need: poker, roulette, baccarat, and video slots are all catered for.

But on top of that, bet365 also gives its players some nice surprises as well. Traditional casino classics, such as pontoon and craps, are ready to play as soon as you log in, mixing up the usual medley of games that the other online casinos we've reviewed provide. Add that to a healthy variety of live games, and bet365 is an online casino to be reckoned with.

Roulette

If roulette is your game of choice, bet365 should have enough to keep you hooked. With eight table games, including European and 3D roulette, plus two live games, including French roulette,

bet365 has a healthy offering of roulette styles to test out.

While it might not be as large as other online casinos, it's still diverse enough to keep players happy. Bets range from 10p to £25 — a good range for such a variety of roulette games.

The roulette visuals are simple but pleasing, and the chips, squares and rows light up when hovered over to help players see their game better. Customisable options are limited, but the spinning roulette wheel is a visual touch that makes playing roulette at the bet365 online casino an enjoyable experience.

Poker

bet365's poker games are numerous and plentiful. As well as live and table Casino Hold'em games, bet365 also offers eight variants of video poker, such as Deuces Wild and Caribbean Stud Poker. It's a healthy number that should keep most poker enthusiasts happy.

Bets are usually between £1 to £50, and the play style is smooth and fast. Generally, graphics aren't excessively flashy, and bet365 favours playability over dazzling aesthetics, which is certainly not a bad thing. It also features handy poker stats, odds, and information on the side for players to refer to throughout the game.

Players can also amend ambient music and dealer voices, and they have the option of choosing a Fast Play mode for even more fast-paced poker.

Baccarat

bet365's baccarat is somewhat limited, which is in keeping with that of other online casinos.

There's just one baccarat table and one live game on offer, so big baccarat players might find the options limiting.

Bets range from £1 to £100, and the player interface works fine. There aren't any slick graphics, flashy moves, or customisable features in this baccarat game — just simple and straightforward play.

Blackjack

With six types of blackjack and one live option, bet365 doesn't offer the widest variety of blackjack games out there when compared to other online casinos. However, it's certainly enough for most players to be getting on with.

Variants include Premium and Blackjack Surrender, and bets generally range from £1 to £100 across the games.

Blackjack is a simple game, and consequently, the player interface is clean and simple. As ever, bet365 seeks to provide game playability instead of aesthetics. Players can customise their blackjack game by selecting dealer voices and ambient music, which is a nice touch.

Slots

bet365 has over 130 slot games — an impressive and diverse assortment for players to spin away on. There are standard games, such as Pharaoh's Secrets and Leprechaun's Luck, as well as themed games, such as Top Gun, the Matrix, and (our favourite) Monty Python's Life of Brian. For superhero fans, there's a dedicated page for slots featuring Batman, Superman, and more, with jackpots reaching seven digits and beyond.

Pontoon

Pontoon isn't as common on online casinos as you might think, so bet365's offering is welcome for those who like the game. Bets range from £1 to £50, and while there is just one table and one live game, its presence on bet365 is greatly appreciated.

As ever, playability is smooth and functional, and players can start gambling as soon as they log in. As with most of the games on this list, Pontoon can be customised with music and dealer voices, as well as a Fast Play option for a speedier pontoon.

Craps

The inclusion of craps on bet365 is as surprising as it is rare on online casinos, but it's a nice touch. Bets range from £1 to £100 making it great for low and high-stakes players alike.

bet365 employs the light-up betting style of its roulette games here too, making betting quick and easy. As with some other games, it includes odds and stats for players to reference throughout the game, ideal for online casino beginners.

Games & Keno

The sheer variety of games bet365 offers is staggering, from poker and blackjack, to slots and sports. As if that wasn't enough, it also offers eight mini-games for players to bet on. These include Keno, Bonus Bowling, and perhaps best of all, the playground classic Rock-Paper-Scissors.

Bets range from 10p to around £200, depending on the game. Rather than the traditional card and table games, players can mix it up a little with Virtual Horses or Virtual Tennis. These mini-games are a great addition to the usual online casino offering and show that there's something for any player on bet365.

Live games

Where bet365 stands out amongst other online casinos is in its assortment of live games.

As well as standard ones such as roulette, poker, blackjack, and baccarat, bet365 also offers niche games. These include Sic Bo, Hi-Lo, Dragon Tiger, and 3 Card Brag. These games aren't as common in other online casinos, and the quality on offer is good enough to attract new players unfamiliar with the games previously — and then get them hooked.

As well as live card and table games, bet365 also has a live Spin a Win game, comparable with other online-casino specific spin games. One feature that is worth mentioning is its live sports betting option, where players can bet on anything from football to table tennis.

Compared with other online casinos, this is a huge variety of live games, and bet365 does it right.

Mobile games

bet365 has a dedicated mobile app for gaming on the go, and it offers a healthy assortment of table, card, and slot games. However, the games aren't all readily available in the app, and players must download the games they want to play first. It's an unusual way to do things, but not necessarily a hindrance.

bet365's mobile app provides most of the popular games to play on the move, and it includes live games so you can play whenever and wherever. The app is intuitive and easy to use — the functionality is virtually the same as their website. Promo codes and bonus offers are available in-app, too. For players on the go, the bet365 mobile app offers a better gaming experience for those on the move.

Software

bet365 largely uses Playtech gaming software for its online casino — a renowned name with nearly 20 years' experience in the industry. Its games are sleek, intuitive, easy to use, and recognisable from many of the other online casinos we've reviewed.

bet365 casino games combine slick graphics with cool visuals, which makes playing at bet365 a generally enjoyable experience.
