Gaming technology provider Win Systems has confirmed its presence at G2E Las Vegas, set to take place from October 10th to 12th at the Venetian Expo. The company notes that it will be at the same booth as last year, #4447, where visitors will be able to see and learn first-hand about all its latest products.

Win Systems says it has been able to amaze in all the G2E editions in which it has participated, but in 2024 it has decided to "redouble its bet" with three launches.

"One of these launches is the new Gold Club Symphony electronic roulette, which for sure will catch the attention of both players and operators," says the provider. "The new electronic will become a reference in the market thanks to its spectacular design and truly innovative lighting system."

In addition, the company will

boost its slots offer with two products including the new slot Sublime and the relaunch of its Rhapsody cabinet. It will also showcase its extensive games library with "amazing novelties" that will be presented at the trade show.

Win Systems' casino

management system WIGOS, and its latest releases, will also have a prominent place at the show. The provider notes that WIGOS is already present in over 400 casinos connecting over 100,000 machines, and is experiencing "exponential growth" throughout the Americas and globally.

Visitors will have the opportunity to learn first-hand about

one of its most recent developments: WINUP Wallet. This app for players allows them to easily manage their gaming balance and enables casinos to offer many of their services on their mobile phones. Win Systems calls the WINUP Wallet one of the most important and successful developments of WIGOS in recent times.

Eric Benchimol, CEO of Win

Systems, commented: "This edition of G2E will be special for us. Our booth will reflect the result of the strategy we have been developing for several years, in response to specific market demands.

"As a result of the exponential growth, we have been experiencing, we have dedicated our efforts to developing exciting new products and services and strengthening our team with new additions. We look forward to sharing these fantastic products, which we will explain further in the coming weeks."
