Alfea

College for Fairies is the main setting of this show because this is the magical school where the Winx girls go to learn how to transform themselves into fairies and use their innate magical abilities for good, in order to fight various threats and villains who want to take over the world and do ugly and bad things. The universe of the show is split up into various dimensions, with the Magic Dimension being the one we see the most, and it has not just fairies, but also witches, or monsters, with its capital city being called Magix. Each Winx fairy comes from a different planet, and, yes, one of them is even from Earth! Let's get to meet them, then, shall we?

The leader of the Winx

Club is none other than Bloom, a red-haired girl who has the title of Fairy of the Dragon Flame, whose birth happened on the planet of Domino, but she lived on Earth as a human before discovering her magical powers, and ultimately becoming the most powerful fairy ever.

The title of Fairy of the Shining Sun goes to Stella, a blonde-haired fairy who loves going out and who can use her powers to manipulate the light coming from the sun. She is not just Bloom's best friend, but she also is such a fashionista that she even creates her own clothing, being quite the skilled artist and designer who always love being in the center of attention.

Flora is a sensitive girl who comes from the planet of Lyncphea and is the Fairy of Nature, who uses her powers that come from nature to always bring peace and protect nature and everyone in it. Whenever one of the other fairies gets injured, the potions she mixes up are there to heal them.

Next up we have

Musa, who is the Fairy of Music who can manipulate sound waves to her advantage, and when it comes to their group of fairies, she is definitely the most outspoken one, as well as quite sensible.

The brains of the group are definitely Techna, the Fairy of Technology, who can build all sorts of useful devices that their team uses in battles or their day-to-day lives, and in her free time, she loves playing video games, always giving her best to win them all!

Introduced in the second season, Aisha is the Fairy of

Waves, who comes from a planet filled mostly with water, with her being a girl who loves to be active, dance, and practice sports, and her magical abilities help her manipulate liquid.

Roxy is not a permanent member of the Winx Club, but a very powerful

and useful one, as she is the Fairy of Animals, and she comes from Earth, enrolling into Alfea to enhance her magical abilities. Despite being the youngest and weakest of the group, that only means that she has more room to grow!

Conclusion

The wonderful

fairies of Winx Club always have a new mission to save the world, a new outfit to dress up in, a new hairstyle to try out, and a lot more to learn, which are some of the things they invite you to do with them by playing our Winx Club Games online for free right now since even they know that only on our website you can find the very best of them!
