How To Play

Live Roulette

You can get up close and personal with every spin of the wheel and run of the ball through multi-camera live broadcasting. Place your wager on the number or line you think the ball is going to land on. If the ball falls on a number in your line, or on your specific selection, that's a win for you.

Playing Live Roulette

Players will

first enter a deluxe online lobby when they join the server on their chosen device. From here, you will get a seamless transition onto the live roulette table of your choosing. You will have a wagering panel on-screen, from which you can place your bets. You will also be able to see the professional live croupiers, who guide players through every spin of the wheel. There are multiple camera angles to view the action from, helping deliver a uniquely immersive experience that doesn't skimp on the glitter and colour.

Live Roulette Streaming

Every live roulette game is streamed from a leading gambling resort. There is a certain standard of glitz and glamour that we expect from a

roulette game, and the NetEnt roulette studios never fail to deliver. With the games being offered on the full range of devices you can play from, you can find the way to play that works best for your style. There are features throughout like saving your favourite chip layout, viewing hot and cold numbers, and easily repeating your last bet, whatever device you play from.

Professional Live Dealer Roulette

As all NetEnt

roulette games have land-based resorts at their core, they have the most authentic feel you will find anywhere. In keeping with this, the croupiers will remain professional and focused at all times. Don't expect them to greet you personally when you arrive, as this only distracts and slows down the flow of the games. Instead, let their expertise lead every spin and keep games flowing at full speed.
