### Rules applicable to all Poker Games

#### Poker Equipment

Originally Poker was played with a standard 36 card Piquet deck of playing cards. Most games these days are played with a standard 52 card deck. The Ace ranks high except that it can also be used low in a "straight" or run of cards i.e. Ace, 2, 3, 4, 5. Some kind of tokens to bet with are required and conventionally these are round chips - sets of Poker chips are easily obtainable these days and vary from very cheap to extremely high quality sets of great value. A dealer chip called a "blind" is also usually used to indicate the current dealer (or at Casino tables, to indicate who plays first).

#### Poker Objective

Poker is

totally a gambling game and unlike some other gambling games cannot really be played without stakes. The stakes do not need to be money - peanuts, sweets or matchsticks will work fine, although seasoned gamblers will sneer at anything other than serious stakes. The aim for a hand is to win by having the highest ranked hand of cards or else by continuing to bet that your hand is the highest until all the other players drop out. The player who is left when all the others have dropped out or the player who has the highest ranked hand when the hands are shown wins the "pot" - all the money that has been bet during that hand. In the event of a draw, the pot is divided equally amongst players.

#### Poker Scoring Hands

There are nine ranking Poker hands. We list them below in ascending order: One Pair - 2 cards of the same value The hand with the higher value pair wins. If they are the same, then the highest value card in the remaining 3 cards determines who wins. If they are also the same, the highest value card in the remaining 2 cards determines who wins and so on.

#### Two Pairs - 2 different value pairs

The hand with the highest value pair wins. If they are the same, then the value of the second pair determines who wins. If they are also the same, then the value of the remaining card determines who wins.

#### Three of a kind - 3 cards of the same value

The hand with the higher matching 3 cards wins.

#### The Straight - A run of 5 cards, regardless of suit

The Straight that starts with the highest value card wins.

#### The Flush - 5 cards

of the same suit The hand with the highest value card wins or if the highest cards are the same, the value of the second highest cards determines the winner and so on.

#### The

#### Full House - 3 cards of the same value and 2 cards of the same different value

The hand with the higher matching 3 cards wins.

#### Four of a kind - 4 cards of the same value

The

hand with the higher matching 4 cards wins.

The Straight Flush - A run of 5 cards of

the same suit The Straight Flush that starts with the highest value card wins.

The

Royal Flush A run of 5 cards of the same suit starting with a ten

If a hand contains

none of the ranking combinations above, then the highest card gives the value of the hand. E.g. "Ace High".

General Poker Rules

The dealer changes to the left each hand.

The person to the right of the dealer cuts the cards after they are shuffled. Ideally

Poker is played with 5, 6 or 7 players. Bets are placed in front of the player. If at

any point during the betting phases, all but one player "fold" and drop out, then that

player is the winner of the round and takes the pot/all bets. Crucially, in this case,

the winning player's hand is not revealed so that the other players do not know if the player was bluffing or not.

Poker Stakes

The stakes played for in any Poker game are

agreed at the beginning and vary widely. The following rules do not give any guidelines

for the stakes but there are some common conventions regarding raising the stake.

General Poker Betting Limitation Strategies

In a completely theoretical game,

the stake might be doubled each time and usually the house rules permit this for a short number of raises. However, after the stake has doubled 3 or 4 times, it tends to

be so large that doubling it further means many of the players will be forced out due to a lack of funds rather than anything to do with their hand. So a historical way of

avoiding this problem has been to say that after the stake has been raised 3 or 4

times, thereafter it is only allowed to raise it by the amount it was previously raised

by. So for instance, the ante or first blind forced bet might be 1 chip, the straddle

(or second blind or Big Blind) forced second bet is usually double - in our example 2

chips. The first raise would then be 4 chips, the second raise 8 chips but thereafter

each raise would be 8 chips.

Texas Hold'em Betting Limitation Strategies

There are a

multitude of other betting regimes and limitations which can be confusing. To give some

topical examples, following are the 2 main betting rules from the currently most

popular variety of Poker - Texas Hold'em: Limit Hold'em

Second forced bet (big blind)

must be double the first forced bet (small blind).

Raises in the first two rounds of

betting must equal the big blind

Raises in the last 2 rounds of betting must be double

the big blind

It must be the same or greater than the big blind

It must be the same or

greater than the previous raise

It must be the same or less than the number of chips

the player has already bet.

Basic Draw Poker

Preliminaries

No Limit Hold'em - Second

forced bet (big blind) must be double the first forced bet (small blind). A Raise may

be of any amount limited by the following constraints:

The player to the dealer's left

bets a starting amount by putting down some chips. This is called "the Ante". The next player puts down a further initial bet - traditionally, double the ante. This is called "the Straddle". The value of the stake traditionally starts at 4 X the ante but this may vary according to the house rules. Each player is dealt 5 cards.

First Round

of Betting

The player to the left of the player who bet the Second Blind starts the first round of betting. Each player in succession can do one of 3 things:

"Fold" -

Throw in their cards and take no further part in the hand

"Call" - Increase the bet in

front of them to match the level of the player who last raised it.

"Raise" - in

addition to calling, a player may also raise the stake by adding more to the bet in front of him.

The Draw

After a player raises, if all the subsequent players either fold or call but do not raise the stake further, then no further raises may be made. At this point, some of the players may have dropped out and the remaining players will all have the current value of the stake in front of them.

Each player in turn, then requests to

discard 1, 2 or 3 cards in exchange for replacement cards from the deck, if they wish - the objective being to improve the rank of the hand.

Second Round of Betting

The

betting process then restarts with the first player to the dealer's left who has not yet folded. In the second round of betting, until someone Raises, players may:

"Fold" -

Throw in their cards and take no further part in the hand

"Check" - Stay in the game at

the current stake level

"Raise" - a player raises the stake by adding more to the bet in front of him

The Showdown

If all players check, then play proceeds straight to the

Showdown. Otherwise, as soon as someone raises the stake, subsequent players can only Fold, Call or Raise. Betting ceases when, after a raise, all subsequent players either Call or Fold.

Once betting for the second round has ceased, if only one player remains in the game, that player wins the pot. The player's hand is not revealed to the other players. This means that if the player had been bluffing - pretending that his hand was highly ranked when it was not, then no-one will be any the wiser. Otherwise, all players reveal their hands and the highest ranked hand wins the pot.

Basic Five-Card

Stud Poker

Preliminaries

All players contribute an agreed starting stake to the pot.

Each player is one card face down (called the "hole" card) and one card face up.

First

Round

The player with the lowest value card showing must start the betting. If there

are two or more players with the same value, whichever of these players closest to the dealer's left starts. Each player in succession can do one of 3 things:

"Fold" - Throw

in their cards and take no further part in the hand

"Call" - Increase the bet in front

of them to match the level of the player who last raised it.

"Raise" - in addition to

calling, a player may also raise the stake by adding more to the bet in front of him.

Subsequent Rounds

After a player raises, if all the subsequent players either fold or call but do not raise the stake further, then no further raises may be made until the next card is dealt.

Another card is then dealt face-up to each player. The betting process then restarts with the first player to the dealer's left who has not yet folded. In the second, third, fourth and fifth rounds of betting, until someone Raises, players may:

"Fold" - Throw in their cards and take no further part in the hand

"Check"

- Stay in the game at the current stake level

"Raise" - a player raises the stake by adding more to the bet in front of him

The Showdown

If all players check, then play proceeds straight to next round. Otherwise, as soon as someone raises the stake, subsequent players can only Fold, Call or Raise. Betting ceases when, after a raise, all subsequent players either Call or Fold. After the fifth card has been dealt and the final round of betting is completed, the Showdown occurs.

If only one player remains in the game, that player wins the pot. The player's hole card is not revealed to the other players. This means that if the player had been bluffing - pretending that his hand was highly ranked when it was not, then no-one will be any the wiser. Otherwise, all players reveal their hands and the highest ranked hand wins the pot and all bets.

Texas

Hold'em Poker Rules

Texas Hold'em is a version of Draw Poker that has become the most fashionable version of Poker played towards the latter half of the first decade of the 21st century. It is the Poker game most commonly played in Casinos and is also the game regularly featured in the World Poker series tournament and other televised Poker games - which accounts for its popularity.

Preliminaries

The player to the dealer's left bets a starting amount by putting down some chips. This is called "First Blind". The next player puts down some chips too - this is called the "Second blind" and is normally equal to double the first blind. The second blind also usually is the value of the minimum bet.

First Round

Each player is dealt 2 cards, face down. These are called "The Hole Cards" The player to the left of the player who bet the Second Blind starts the first round of betting. Each player in succession can do one of 3 things:

"Fold" -

Throw in their cards and take no further part in the hand

"Call" - Increase the bet in

front of them to match the level of the player who last raised it.

"Raise" - in

addition to calling, a player may also raise the stake by adding more to the bet in front of him.

Second (The Flop), Third (The Turn) & Fourth (The River) Rounds

After a

player raises, if all the subsequent players either fold or call but do not raise the stake further, then no further raises may be made and play proceeds to the second round.

The second, third and fourth rounds are played in a similar way. First, the top card of the deck is discarded - an anti-cheating ritual called "Burning the card".

Then:

In the second round, three "community cards" are dealt face-up in the middle of the table. These cards are called "The Flop" and the round is usually called "The Flop" round.

In the third round called "The Turn", a fourth community card is dealt to join those already on the table. This card is called "Fourth Street".

In the fifth round,

"The River", the final community card dealt. This card is called "Fifth Street".

"Fold"

- Throw in their cards and take no further part in the hand

"Check" - Stay in the game

at the current stake level

"Raise" - a player raises the stake by adding more to the bet in front of him

The Showdown

The community cards are used by all the players in conjunction with their two hidden "hole" cards to form their hand and from these cards, the players choose the five that give them the highest ranked Poker hand. The betting process then restarts with the first player to the dealer's left who has not yet folded. In the second, third and fourth rounds of betting, until someone Raises, players may: If all players Check, then play proceeds straight to next round. Otherwise, as soon as someone raises the stake, subsequent players can only Fold, Call or Raise. Betting ceases when, after a raise, all the other remaining players either Call or Fold. After the fifth card has been dealt and the final round of betting is completed, the Showdown occurs.

If at any point during any of the betting rounds, only one player remains in the game, that player wins the pot. The player's hole cards are not revealed to the other players. This means that if the player had been bluffing - pretending that his hand was highly ranked when it was not, then no-one will be any the wiser.

Otherwise, all players reveal their hands and the highest ranked hand wins the pot and all bets.

Em uma era de pop cheia com carnes abertamente hostis ou picadinha mal subliminar que pode continuar por anos entre 2 as partes onabet tigre guerra, esta semana trouxe algo raro e significativo: um armistício.

Em seu novo álbum, radicalmente vulnerável e voltado 2 para o clube Brat. Charli XCX compartilha suas inseguranças de sentimentos niilistas arrogância a humanidade onabet tigre particular na canção Girl 2 and So Confusing abordou as diferenças com uma colega pop star: "As pessoas dizem que somos iguais / Eles disseram 2 temos os mesmos cabelos", Challi canta sobre um baixo tremendo osso esquizoso "Não posso dizer se você quer me ver 2 caindo".

Em um nível, parecia semelhante às feudas que recentemente dominaram a música popular como as entre Olivia Rodrigo e Sabrina 2 Carpenter ou Kendrick Lamar and Drake – foi fofoca. Charli se recusou onabet tigre confirmar quem era numa entrevista de podcasts 2 alimentando ainda mais especulações mas também pareceu diferente: ao invés da agressão contra ela para pintar o assunto dela enquanto 2 vilã estava sendo transparente sobre seus sentimentos por competição/rivalidade...". (pgf).

Agora há uma reviravolta inesperada que aprofunda o drama onabet tigre algo 2 genuinamente artístico. A linha "cabelo" e outros tinham detetives da internet assumindo-se sobre Lorde, agora Charli lançou um remix confirmando 2 isso como fato com os próprios objetos das ansiedade de Challi...

No que é intitulado The Girl, So Confusing Version With 2 Lorde (A Garota), os dois cantores trocam versos com franja de coração arrebatador; Lorde entrega um longo verso no qual 2 ela compartilha onabet tigre surpresa pelos sentimentos da Charli e fornece suas próprias admissões frágeis. "Eu estive onabet tigre guerra contra meu 2 corpo / Eu tentei me tornar mais magra", canta antes disso: "Fiquei presa ao ódio/ E a vida parecia tão 2 incrível".

Este diálogo aberto parece tão diferente de batalhas anteriores, como a notória entre Britney Spears e Christina Aguilera. As comparações 2 eram inevitáveis Entre as duas antigas estrelas da Disney : lindas loira ou com os midriff do trailer bared U'S 2 - escrevendo neste artigo onabet tigre 1999, Ed Vulliamy observou que "Christinna tem uma imagem'mais nua" Do Que o olhar alimentado 2 por milho na região central das ruas; Espetáculo dos tabloides contavados histórias elaboradas sobre um alegado visual saudável".

Os fãs do 2 Team Spears ou da Equipe Aguilera e, como um esporte de espectador sport (espectador), os torcedores compararam suas estatísticas das 2 cartas com performances vocais. As rotina dos dançarinose as escolhas na moda foram feitas por eles mesmos para se moverem 2 onabet tigre onabet tigre carreira: o jogo Top Trump tornou-se parte integrante dessa diversão! Claro, Aguilera e Spears não foram as primeiras ou 2 últimas – pense onabet tigre Janet Jackson v Madonna ("Nós dois fazemos dance music", disse uma vez Michael "mas o que 2 eu faço tem classe") Mariah Carey vs Jennifer Lopez (o despretensioso "Eu Não a conheço" é agora coisa lendária), Miley 2 Cyrus and Nicki Minaj ("Mily O Que É Bom?")

Tal fofoca de celebridades ainda alimenta grande parte da cultura popular, 2 e os artistas também sabem disso. O comentário off-the cuff sobre Lopez agora se tornou algo que ela inclina com 2 o abandono do acampamento; Swift tece onabet tigre suas relações às vezes fracciosas entre seus contemporâneos nas músicas dela (como a 2 recente thank you AIMee).

O mesmo vale para resoluções: quando Swift convidou Perry a aparecer no videoclipe de You

Need to 2 Calm Down, esmagando onabet tigre disputa por anos. Parecia apenas mais uma performance onabet tigre um conto moldado pelas duas maiores estrelas 2 pop do mundo skip promoção newsletter passado após a promoção da newsletter;

Mas por toda a diversão da rivalidade de armaduras gladiatoriais entre 2 estrelas pela supremacia, há também algo diminuindo sobre isso. É onabet tigre uma paisagem pop onde o setor historicamente não tem 2 permitido muito espaço para um amplo leque das mulheres e as picadinha que se sente como resultado desse estreitamento com 2 os astros disputando posição", junto ao fato do outro lado dessas pessoas ser pressionado pelas outras empresas – tais quais 2 são: perda peso Lorde descreve mundo -

A razão pela qual onabet tigre reconciliação parece tão poderosa é que raramente essas rivalidades 2 transcendem os tablóides e se dobraram na arte assim. Ouvir suas confissões não filtradas, entregues sem a propensão entorpecida da 2 mídia pop para terapia-falar ou gerenciamento performativo de marca; É como invadir algo muito real onabet tigre particular – Como você 2 tropeçou com dois amigos brutalmente mas lindadamente redigindo as diferenças deles - E crucial: fazendo isso escrito dentro do seu 2 próprio estilo!

Eles ainda sabem que é uma grande fofoca – “E quando colocarmos isso na cama / a internet vai 2 enlouquecer” corre um linha - mas também contém tanta verdade emocional. Com horrivelmente conflito real dominando as notícias, esta resolução 2 de conflitos por menor do tamanho da tela e se movendo muito bem durante anos Charli XCX tem sido 2 musicalmente falando como vanguarda para o pop Agora parece estar criando seu novo modelo: ser estrela ou astro!
