on multiple platforms including PC and mobile, and have gained a huge popularity among players of all ages. The games feature a fictional character called Papa Louie and his employees working for him. Most of the games are about cooking and restaurant management, but there are some platformers as well.

Types of Papa's Games

The tropical island of Calypso is waiting for either Alberto or Penny to arrive for a stress-free work environment. The new character believes that it is going to be an easy job. However, if you think running a Papa's store is easy, then you haven't really played any of the Papa Louie games you can play online for free.

Papas Freezeria

Gameplay

Great wages and lots of tips? Who would not want to take a trip to paradise?

Like all Papa Louie games, Papas Freezeria makes players responsible for all shop upgrades. Play as Alberto or Penny as you drown in mixables, such as Nutty Butter Cups and Creameo Bits, or toppings, such as Gummy Onions or Tropical Charms.

Like other Papa

Louie Games, you have different stations:

The Build Station is where you work the mixables and the syrups.

The Mix Station is where you blend the freezer sundaes.

The Toppings Station is where you add the toppings and any extras to the freezer sundaes.

Watch in horror as an entire ship pulls up full of customers coming to a tropical island for the sole purpose of visiting Papas Freezeria. Unfortunately, Papa himself is off to his next adventure, and it is up to you to take control of the shop until Papa's inevitable return.

As the first customer arrives, you take the order,

size, flavor, toppings, length of a blend, etc. It seems like the first customer wants everything, but do not get too overwhelmed. Drag the ticket onto the line and start with the build station tutorial. Go through the tutorial as you would in any other Papa Louie game and prepare for frozen mayhem!

Papas Freezeria Tips

Until you can afford

upgrades with the customer's tips, you need to watch the meter closely when spinning the freezer sundaes. When they turn green, it is time to move on to the next station.

Overmixing it could lead to fewer tips.

The game's pace can pick up very quickly, and you do not want to sacrifice your quality for speed. Make sure you focus on quality-of-life upgrades first before getting decorations. Decorations are great for quality upgrades and wait time, but you need alarms first!

Improve the island shop and impress Papa when he returns to Papas Freezeria!
