pergunta: Como faço para criar uma conta no Bet365?

### INTRODUCTION

Diamond Jackpots is a 5-reel 10-line slot machine game with a stunning Diamonds and Gems theme. Get a win for matching 3 or more symbols on a winline, with all wins paying adjacent. Each symbol is stacked on the reel giving the player more chances to win big!

### How To Play

#### Instructions

Click the TOTAL BET button to increase or decrease the amount of your TOTAL BET. Bet up to £10 (depending on Operator and currency configuration) by selecting from the list of available stakes from the Total Bet options.

Click 'SPIN' to start your game.

The reels will spin and eventually stop at random.

#### Reel Wins

Line wins are multiplied by the value bet on the winning line.

#### All

Wins across all different lines are added together to form the total win.

#### All line pay

symbols must appear on a played line and on consecutive adjacent reels.

#### Only the

highest line win is paid on each line.

#### Jackpot King Deluxe Pot System

#### During any spin

there is a chance that the Jackpot King Deluxe Bonus can be triggered by achieving 5 Jackpot King Deluxe overlay symbols on reels 1 to 5.

#### The Jackpot King Deluxe Pot System

is available on any stake on any game plugged into the Jackpot King Deluxe System.

## Spin

the reels to accumulate Crown symbols to move up the win ladder. Achieve 15+ Crown symbols to enter the Wheel King section of the feature.

After any spin CHOOSE AN ICON

to reveal one of the following outcomes:

SPIN - spins the reels again, with any additional Crown symbols in view adding to the win ladder.

COLLECT – ends the feature

with the player being awarded a Bonus Win based on the multiplier of their Total Bet reached on the win ladder.

WHEEL KING - reveal this to go directly into the Wheel King round of the feature.

Achieving 15+ Crown Symbols during the Jackpot King Deluxe Bonus awards the Wheel King Bonus.

The Wheel King Feature is a Tombola style Wheel consisting of Big Win Multiplier segments and Progressive pot segments.

Spin the wheel to win

either a Big Total Bet Multiplier or a Jackpot.

NOTE - The Jackpot King Deluxe Jackpots can only be won during the Wheel King part of the bonus.

When a jackpot is won, it is reset to the Reserve amount and begins to rise again.

The chances of winning a jackpot

increases based on the Jackpot value (Royal and Regal pots are guaranteed to be won by the 'Must Be Won By' value). The Royal jackpot 'must be won by' £3,500 and the Regal jackpot 'must be won by' £35,000.

Simultaneous jackpot wins cannot occur. Should two players appear to win the jackpot at the same time the first player to trigger the jackpot will win the whole jackpot amount, the second player would win the reserve pot plus any further contributions made.

In the event of a communication error after a promotional pot win result has been determined and before it has been displayed on screen, the win amount will automatically be transferred to the player's account.

While

the game is live, the jackpot cannot be terminated. If the game is removed, the outstanding pool amount can be transferred to another jackpot.

Jackpots are funded by

contributions from the player's stake except for the initial seeds for Regal and Royal jackpots which are funded by the Operator.

Progressive Jackpot

Progressive jackpots

consists of a start-up seed which gradually increases by a percentage of funds (0.38% contributions) inputted into the game until it is won. When a jackpot is won, it is reset to the seed amount and begins to rise again.

The progressive Jackpot King is

funded by a seed value which is 0.11% of stakes since the last jackpot was won. The Royal Jackpot has a seed value of £500, funded by the operator. The Regal Jackpot has a seed value of £5000, funded by the operator. All jackpots are topped up by contributions of 0.38% from stakes on the game and there is no ceiling value.

Total

return to [player from the progressive jackpot is 0.5%

The progressive jackpot is

available in "real play" only. There are no eligibility requirements for the

progressive jackpot, all players are eligible to win.

The progressive jackpot is

determined by Landing on a Jackpot Segment during the Wheel King Bonus in the Jackpot King Bonus Feature, more details on this can be found in the How to Play section above.

Jackpot prizes can occur after any spin, any bet size will be eligible for a jackpot win with the chances of winning increasing/decreasing proportionally to the bet size.

Jackpot prizes are awarded via bank transfer following confirmation with the games supplier and necessary identity and payment verification.

In the unlikely event

of concurrent progressive winners, the system will determine the first winner, who will receive the full jackpot value. Any subsequent winners in close succession will receive the jackpot seed value plus any new jackpot contributions which may have accrued prior.

If another player wins a Progressive Jackpot then a notification to this effect would occur BEFORE the current player was awarded the jackpot.

Payout Information and Game

Rules

Line wins are multiplied by the value bet on the winning line.

Wins on different paylines are added.

All line pay symbols must appear on a played line and on consecutive adjacent reels. Only the highest line win is paid on each line.

MALFUNCTION

VOIDS ALL PLAYS AND PAYS.

The above rules may be modified at the licensee's discretion.

The maximum win from a single game is £250,000 or 10,000xBet - whichever is reached first (depending on currency. Other Operator limits may apply). It may not be possible to reach this limit in a single game from every stake configuration.

This game

has a theoretical return to player of 94.125%+ promotional jackpots

Applicable date

from: 11.09.2024

The average RTP (Return to Player) rate for an online slot is around 96%. Anything above 96.5% is generally considered to have an appealing payout percentage, and games like Blood Suckers stand out by offering an unusually high rate.

[unibet blackjack](#)

You'll find most online slots hover right around the 96% mark for RTP. That means slots with RTP percentages higher than 96% can be considered higher than average. Sometimes progressive jackpot slots will have lower RTP percentages, with the chance of winning big jackpots making up the difference.
