I used to play GPGP (Good Pizza Great Pizza) and i couldn't do it so i deleted it, and after a year i downloaded it again and now i play it frequently! Everything is perfect about this app, the details, the characters, the storyline and much much more. The only downside about GPGP is that once your done with the storyline of chapter 4 the game sort of gets boring, well the game is same old but it was more fun when there was a storyline or just a character visiting you when you close. When the stories finished, i didn't realize that it finished and i had always looked forward to seeing someone when my shop closed. But no one ever did so i stopped playing it for a few weeks and now im getting back into it waiting for a soon to be chapter 5. My only advice for the game is to have small characters like that one vampire just come after my store closes and ask for a pizza, im not saying you should change your game too much just have a side character pop up once in a while. Also i noticed there wasn't any hijabs i could wear when i customized my character, i was really upset and i thought there would be some sort of head covering like that because you guys put a hijabi in the game but im really disappointed and i hope you can add a hijab when someone customizes there character - The Islamic Pizzeria
