Total Football is a soccer game for Android in which you can play exciting

matches with a high level of realism. The title includes FIFPro licenses which allow us to easily identify more than 60,000 players from the main teams in the world.

Within

Total Football we will find a game system fully adapted to touch devices. At the start of each match, we will move the players by touching the joystick that appears on the left side of the interface. On the right side of the screen, we will find the action buttons that we can use to pass the ball, shoot at goal or center the ball so that a teammate can control it.

With spectacular 3D graphics, Total Football offers a totally immersive game experience. From the main menu, we will have access to the different championships available or to an interesting career mode. Similarly, from here we will select the team we are most interested in to shape our best strategies on the field. It should be noted that the title has official licenses of renowned clubs such as Borussia Dortmund and this increases our prestige as coaches.

Total Football features all the essentials to offer us an outstanding gaming experience. We are facing one of those soccer games for Android in which we can create dream plays to surprise all our rivals in realistic matches. And best of all, as we level up, we will unlock new stadiums, teams and players that will expand our possibilities when it comes to living matches that will go down in history.
